

NIVELL 1

Exercici 1.

A partir dels documents adjunts (estructura_dades i dades_introduir), importa les dues taules.

Mostra les característiques principals de l'esquema creat i explica les diferents taules i variables que existeixen. Assegura't d'incloure un diagrama que il·lustri la relació entre les diferents taules i variables.

El esquema de estas tablas es bastante simple, no llega a tener una estructura de estrella, ya que son tan solo dos tablas que conectan entre sí por una sola clave. La tabla **company** tiene “id” como primary key. La tabla **transaction** tiene “id” como primary key y, por otro lado, tiene “company_id” como secondary key. Precisamente esta “company_id” es la que conecta con la primary key “id” de **company**.

La tabla **transaction** es una tabla de dimensiones y la tabla **company** es una tabla de hechos.
